STATSPEC

2. I talked to Dr. Tietjen about [REDACTED] request that she not be required to take a polio shot before her departure for [REDACTED]. Tietjen indicated that he would be sympathetic to her request. 25X1A6a

3. I talked to [REDACTED] and to Dr. Tietjen about the case of [REDACTED]. 25X1A9a
It is Tietjen's belief that we could not support a retirement for her unless she is willing to cooperate. If she is willing to cooperate, however, he feels reasonably certain that we could get a disability retirement for her. In view of this I think we should offer her this opportunity before processing her papers for selection out. In any case, Personnel's covering memorandum must be ^{re}written in order to give a more adequate description.
